

Tonight we pray with Music

Clapping our hands in the rhythm of the groove
Feelin' the music in the hips that we move
And we're cheerful, forgetting the worries that we have
Tonight we pray with music to the groove

We thank you, you my lord,
Your love is true, your love is true,
In your eyes, we are the same,
No matter who, thank you my lord

And if there's darkness, you send a light,
And offer us a warm embrace
Give us hope and joy
Make our world to a better place

We thank you, you my lord,
Your love is true, your love is true,
In your eyes, we are the same,
No matter who, thank you my lord

We thank you, you my lord,
Your love is true, your love is true,
In your eyes, we are the same,
No matter who, thank you my lord

If we are lonely, you are there
If we are sad, you let the sun shine
And turn our tears into a smile
We are grateful for your loving care

We thank you, you my lord,
Your love is true, your love is true,
In your eyes, we are the same,
No matter who, thank you my lord

Clapping our hands in the rhythm of the
groove
Feelin' the music in the hips that we move
And we're cheerful, forgetting the worries
that we have
Tonight we pray with music to the groove

We thank you, you my lord,
Your love is true, your love is true,
In your eyes, we are the same,
No matter who, thank you my lord

Chords:

Vers: C, Am, F, (C)

Refrain: F, B, C
